ADDENDUM NO. 3
THE COUNTY OF SANTA CLARA
REQUEST FOR PROPOSALS
REGIONAL RENEWABLE POWER PURCHASE AGREEMENT
(RFP # RRPPA-001-310)

The following revisions, additions, or corrections are made a part of the REQUEST FOR PROPOSALS (RFP) for the project named above. The Sellers shall be responsible for transmitting this information to all affected entities in its team prior to development of response to this RFP and incorporate into the RFP response.

Seller must acknowledge receipt of all addenda issued to date and any future that might be issued on the Addenda Acknowledgement Form and submit with its response to the Buyer.

1. REQUEST FOR INFORMATION (RFI)
   a. **Question:** If SunEdison responds to the RFP as a prime contractor would that preclude us from providing financing for our channel partners?

   **Answer:** The RFP in its current form does not put such restrictions. During actual award, if a Firm is selected as a Prime and independently as a financing entity, it must be able to meet all financial capacity and stability conditions to be successful in all cases for all the Work to be performed as a Prime and independently as a financing entity.

All other terms and conditions of the RFP remain the same.

Siva P. Darbhamulla, Program Manager
Facilities and Fleet Department
